

SPONSORSHIP OPPORTUNITIES: Hancock County Habitat for Humanity invites you to join us as we work in partnership with people in need, helping them to secure decent, affordable shelter. All of our partners are vital to our mission, and we are grateful to each one for their unique contributions.

We are excited to launch **new naming, promotional and team-building opportunities for corporate and community group donors** with acknowledgments made one or more times during the year of the build and/or displayed for the duration of that project, typically taking about a year's time. In addition to the below, all business and community group donors at the \$5,000 / 1/3-off to whole-house sponsor levels will receive acknowledgment through signage proportional to their giving levels at our ReStore location [annual foot traffic of approx. 8,000 customers, excluding children]. Donors in the whole, 1/2, and 1/4-house range will receive semi-permanent name recognition on signage at the ReStore location.

\$100,000 - Whole-House Sponsor

Hancock County Habitat partners with economically disadvantaged individuals and families to build homes & hope. Through proceeds from our Habitat ReStore, monetary & in-kind donations, volunteer labor, & each homeowner's "sweat equity", we are able to construct simple, decent, affordable, market-quality housing which we then finance under a zero or low interest (0% APR) mortgage.
